NOTE FOR: Acting DCI

SUBJECT : SecDef Breakfast Agenda Item--Deception

We have completed staff coordination with SecDef (General Stilwell's office) as directed by the DDCI and have resolved all differences except that of chairmanship.

Defense continues to hold the line against the DCI as chairman, desiring instead the Assistant to the President for National Security Affairs or the Vice President. The Defense rationale for this is that deception activities are broader in scope than the DCI's responsibilities cover.
